Polyethylene Bags

Our bags are tested for quality, strength and durability. We ensure that our bags are tough enough to pass your strict demands.

Stretch Wrap

High Performance Machine Wrap Film is designed for all types of equipment. Film properties include high strain value, excellent cling and superior tear and puncture resistance for all types. High Performance rotary stretch film is also available in selected widths and a number of standard gauges. High Performance Hand Wrap is available in a variety of lengths and widths. High Performance Hand Wrap is an elastic, puncture resistant film which is stretched around a pallet or a single product.

Poly Sheeting

Rolling Hills Plastics is your complete source for a wide range of custom poly film products both in low and high density film. Polyethylene Sheeting, with or without UVI Highly weather resistant and durable for long service life

Poly Tubing

A versatile film that can be used to wrap a wide variety of products. Can be cut to any required length, made into bags or used to wrap products. For use with heat sealers or heat shrink guns. Available in a variety of sizes and thicknesses.

Pallet Covers

Pallet Covers are an easy, inexpensive way for short-term protection of your pallets indoor or outdoor.

Bin Liners

All of our Bin Liners are manufactured from a special resin formula. This formulation has allowed us to offer far superior properties to that of conventional linear low resins. We have experienced that our customers are able to down gauge their products without compromising the integrity or performance of their film using this product. As a result our customers are able to keep their packaging costs down even though raw material feed stocks continue to increase. Please contact our sales force so they may better explain the benefits of using this film for your application.

Carton Liners

We can offer you these liners in gauges 00075mil and up. We offer a large variety of sizes in carton liners made from our high strength Hexene linear low density resin

Drum Liners

We can offer you these liners in gauges 00075mil and up to 10 mil. We offer a large variety of sizes in carton liners made from our high strength Hexene linear low density resin

Furniture Supplies

Our products meet the highest standards and our pricing is extremely competitive. Ship your product damage free with our furniture covers.

Custom Products

We have over 2 million bags in stock. If you should need a shipment in a rush, we have our own fleet of trucks enabling us to deliver as promised and when promised. We also custom make: Top Sheets, Box and Drum Liners, Pallet Covers, Gaylord Liners, Furniture Covers, Textile Films, Poly Tubing and Sheeting. Custom Packaging, Shrink Bundling Film, Shrink Pallet Covers, Mattress Bags.

Corrugated Boxes

We Aren't Just Fancy. Ask a RHP Representative for a quote on any of your custom box requirements. We strive to keep proving that economical does not mean sacrificing quality, delivery and performance. Our custom boxes are competitively priced while at the top of the industry standards.

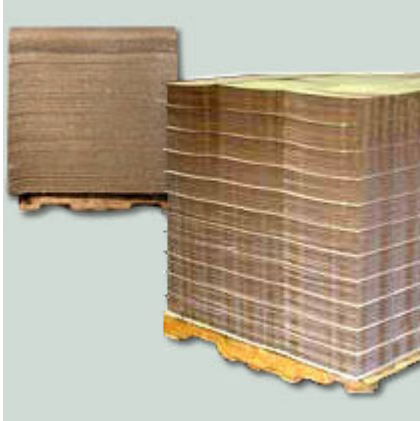

Corner Protection

A corner protector made from selected recycle materials protects your loads from strapping and improves stacking. The edgeboard is manufactured with a plastic core not just paper. This provides you with thinner, lighter corner protectors that provide you with the best strength and durability, plus lower shipping costs. Standard sizes and custom sizes are available.

Slip Sheets

Space is a precious commodity in a warehouse. You will be saving money and space when you use our plastic or fiber slip sheets. Compare 800 plastic slip sheets to 500 fiber slip sheets to 15 pallets. You can imagine how much warehouse space you would save. The majority of slip sheets we provide are custom designed, but we do stock our standard 43"x51" slip sheets in a 0.040 solid kraft, available for immediate delivery.

Air Bags

Rolling Hills Plastics has the widest selection of disposable air bags. Our air bags are proven in bracing products from fresh fruits to bricks, no matter what means of transport you use. The air bags are available in all types of shapes and dimensions to accommodate every load pattern. We understand your need to ship your product damage free and are committed to assist you in achieving that goal. Our free inspection program enables us to analyze your particular situation and make recommendations on a bracing system that is right for you.

Tapes

We have multiple tapes in stock and are ready for immediate delivery. Saving you money is our #1 priority.
